30th January 2018

Dear Parent/Carer,

Re: 'Solving Problems with Maths' Workshop – Tuesday 6th February 2018 - 8.45am-10.00am

Are you looking for ways to support your child at home with maths? Would you like to learn more about how we support and challenge all pupils within lessons?

Next week we will be running a Maths workshop to look at how you can best support your child in the Juniors, which we hope will help to answer the questions above, and a few more.

The workshop is designed to show you how we teach mathematics, explaining the progression in our calculation strategies and how we develop children's problem solving skills. There will be ideas and games for you to use to support your child at home, both in areas that they struggle with or are confident in. The session will be covering areas and skills relevant to all year groups and abilities.

Mr Birkinshaw and Mr Maskell, the school's Maths team, will also be available for a short time after the session for any follow up or specific questions you may have.

Why not join us for a coffee and a croissant after you have dropped your child at school and stay for the workshop.

To help us plan this event, please complete and return the slip below if you would like to attend.

Yours sincerely,

Mr N. Linfield
Headteacher

CHALKWELL HALL JUNIOR SCHOOL **Maths Workshop – Tuesday 6th February 2018**

Child's Name:

Class:

I will be attending the Maths workshop on Tuesday 6th February 2018 from 8.45am-10.00am.
